CLASS

Aloha Families!

Mahalo for a Smooth Start! Thank you for supporting our classroom door drop-off routine. The children are already entering with calm independence, and it has made for such a lovely beginning to our 2026 school year. Mr. Nelson and I have truly enjoyed welcoming your children. Their smiles, curiosity, and kindness brighten our days. This month, we've been learning routines, practicing playground expectations, exploring centers, and making new friends. It has been a joyful week of discovery and connection. If you have any questions or concerns, please feel free to reach out anytime.

Announcement & Reminders

Morning Warm-up/Check-in Activities (7:30-7:50 AM)

Between 7:30 and 7:50 AM, we offer quick activities for children who finish their arrival routines early before moving on to free play. They enjoy practices such as name writing, number and letter reviews, and fine motor activities such as cutting or manipulating playdough. Although this time is optional, we love seeing their stamina and growing independence each morning.

A Quick Reminder

If your child is prone to mosquito bites, we recommend applying repellent before arriving at school. For families who provided repellent and signed the permission slip, we can reapply as needed throughout the day to help keep them comfortable.

Field Trip to Moanalua Fire Station (September 10th)

Our field trip to Moanalua Fire Station is coming up soon. If you have not turned in the permission slip yet, please send it in. With our 4 to 1 student-to-adult ratio, we are able to take five to six chaperones this time, and I will contact the first six parents who responded.

Contact Information

manami.sanchez@nhks.org

I check e-mail daily at 6:15 am and Noon on school days. If you need to contact me for any emergencies, while I am in the classroom with children, please call the office @ 808-423-1727. Mahalo.

LOOK OUT FOR NEXT MONTH...

Quote of the Month

"As soon as I saw you, I knew a grand adventure was about to happen." --Winnie the Pooh

Classroom News

Our first week of school has been amazing! It has been wonderful getting to know your child. Everyone is working hard to learn the multi-step morning/dismissal routines and classroom rules. The children are enjoying the outdoor playground and the indoor centers. We practiced writing our names with our RAKOBA sun, sea, and sand lines, drew our self portraits, and learned what it means to be a class family. We are looking forward to the rest of the school year!

AUGUST 2026 NEWSLETTER

Mr. Rodriguez's Kindergarten Class

We are having a blast in Kindergarten! Students are learning school routines, making new friends, and discovering the joy of being a kindergartener. I am looking forward to wonderful school year!

REMINDERS

- One of our key goals in Kindergarten is helping the students develop confidence and independence in their daily routines. To support this growth, we kindly ask that parents say goodbye at the door and allow their child to enter the classroom and unpack on their own. This small step helps foster a sense of responsibility and pride in their abilities—and we're here to guide and support them every step of the way!
- Lunch is not needed on Wednesday, unless your child is in ASC. On Wednesdays, students eat lunch in 366-1. There is a classmate who is highly allergic to sesame seeds. I am kindly requesting to keep all sesame products out of kindergarten on Wednesdays only.
- Please pack snacks separately from your child's lunch. This makes it easier to grab during snack time.
- Remember to pack a spare set of clothing in your child's backpack in case of a potty accident.

Classroom Fun

We are having a blast exploring our new space, making new friends, and diving into our learning

A note from the Teacher

All is great in second grade! We are settling into our routines, getting to know one another, and beginning to dive into our learning across all subject areas. As we continue to build our classroom community, please make sure your child brings a labeled water bottle and lunch (if applicable) to school each day.

It has been such a joy getting to know each student and the class as a whole. We have a classroom full of readers, writers, and mathematicians who are eager to learn and take on a challenge! As always, please continue to reach out with any questions, concerns, or important information that may help us support your child. We are so excited for all that this year has in store!

AUGUST

3rd grade newsletter

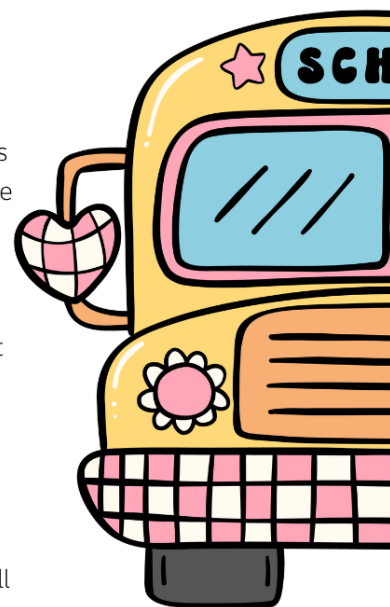

Aloha, 3rd grade ohana! The third grade has been a busy, active classroom during the first 2 weeks of school. Students continue to practice our classroom routines, procedures, classroom expectations, and safety drills. Following the routines and procedures will create an orderly classroom environment so that all students can feel safe and learn each day in school.

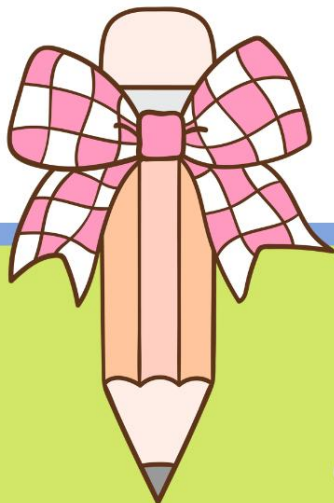

During August we will be reading books by Julia Cook about how to behave in school, how to be respectful in class, and how to take responsibility for our own actions (rather than blaming others). Students will complete a written response for each of these stories and how they could apply the lessons to themselves in school. These writings will be part of your student's portfolio of work for the year. Portfolios will be shared at conferences and will be given to students at the end of the year. The portfolio notebook will show samples of students' work throughout the school year in all subject areas. It is a great way to note their progress and growth throughout the school year.

The work samples are used to assess baselines of skill levels in writing, spelling, and grammar to plan instruction for the year. Students took spelling assessments from Words Their Way (WTW) to give additional information about their spelling skills; this information is being used to plan word study for the school year. In August, students will complete a Basic Reading Inventory (BRI) assessment in class; these will be completed one on one with the teacher. **Reports from the BRI assessment will be shared with parents when they are completed. I will be sending this information home in an envelope in your student's homework binder.** Students also are completing a Beginning of Year assessment for our Math curriculum and STAR Math and Reading assessments. All these assessments are used for baseline information for planning this year's instruction in class.

By the end of the month of August, we will be fully immersed in our 3rd grade curriculum. We are introducing each subject area and making goals and plans for what we will do in that area during the year. We are excited about learning and are becoming a great community of learners. We began our reading buddies work with Ms. Quach's Kindergarten class this week. We will begin working on our studies of the 50 states this week. Students will be receiving their state assignment for the States Expo project. Mark your calendars now so you can attend the States Expo on September 30th. Stay tuned for the September Newsletter to highlight more work from our class.

What's our focus:

ELA: In reading we are exploring fiction texts and elements for fiction stories including character development and plot. We have started our first novel study: *The Lemonade War* where we will be digging deeper into the text and expanding our vocabulary knowledge and comprehension. For writing our first writing piece will be a personal narrative where students will write about a time they worked through something that was challenging. We will be focusing on paragraph structure and neat handwriting.

Math: Our first unit is all about factors and multiples. We are currently going over growing patterns in visuals and in numbers where we will identify the rule and answer questions. We will then move into prime vs. composite numbers as well as identifying factor pairs.

Science: We are currently exploring plant and animal structures, identifying their functions and purpose, and being able to describe how these structures are important for organisms.

Social Studies: We are starting our first unit in Hawaiian studies so we can gain a deeper understanding of the rich culture and history of the islands.

A note from the Teacher

Thank you, families, for getting your students to class before 8am! This has let us have a chance to build responsibility during flag, have meaningful moments discussing and playing during morning meeting, and start our day peacefully together.

We have been focused on choosing to be respectful and compassionate. It has been easy to find examples during the day, I have noticed each student make great choices!

Our class loves to read! They have been engaged at school, and their reading logs are a great chance to build strong reading routines at home. I will collect these each Monday.

Aloha HKS Families,

We would like to make you aware of the Military Child Care in Your Neighborhood (MCCYN) benefit available to families with a parent or spouse serving in the Air Force, Army, Navy, Marine Corps, Coast Guard, or as a DoD Civilian.

Hale Keiki School is currently an approved MCCYN provider, and we encourage eligible families to apply. This valuable benefit can help reduce childcare and tuition-related expenses. We have seen families from all military ranks qualify, so we strongly recommend submitting an application if you believe your family may be eligible.

How the MCCYN Process Works:

If your family is requesting MCCYN fee assistance, you will need to apply for the MCCYN program, not directly to Hale Keiki School. During the initial application process, families will not be able to select their preferred provider. The request is for MCCYN Fee Assistance, and any offer received will be for the MCCYN program rather than a specific childcare provider. Once an offer is made, families will have 48 hours to accept the offer. After accepting, families will have 10 days to upload and submit the required documents to complete registration. During registration, the family and their chosen provider will complete a Cost Worksheet. The family will upload the completed worksheet in the Provider Information section under the My MCCYN tab. This is the stage at which families select their preferred provider, such as **Hale Keiki School**. Please note that supporting documents cannot be uploaded until after an MCCYN Fee Assistance offer has been accepted and the registration process has begun.

For additional information about the MCCYN program, please visit the MilitaryChildCare MCCYN Information Page.

If you have any questions about the MCCYN program or how it can be applied to your child's enrollment at Hale Keiki School, please feel free to reach out to Derrick Olson at derrick.olson@nhks.org
