

Hale Keiki Little Learners Summer Program (preschool/pre-k)

In Preschool and Pre-K this summer, it's all about fun! Fun is the sneaky way we teach our littlest learners! Our Early Childhood Care Program will have students creating art projects, blowing bubbles, playing in water, exploring nature, playing outside, experimenting with sidewalk chalk, dressing up, and exploring messy play.

Learning through play lets kids explore, get daily physical activity, and build fine and gross motor skills. As young kids play their innate inquisitive nature comes alive! Play is child's work!

Session 1
June 5-23
\$700.00
8:00-12:00
(Drop off at 7:30)
